

**A Technical Workshop on the Public Release of
CalLite 2.00 (Beta) Model –
A Central Valley Water Resources Management Screening Tool**

(A joint-model development effort between the California Department of Water Resources (DWR) and the U.S. Bureau of Reclamation (Reclamation), Mid-Pacific Region)

**August 29, 2011
1:00 PM to 4:30 PM**

**650 Capitol Mall
Stanford Room- First Floor
Sacramento, CA 95814**

This workshop will be conducted in two parts. The first part will be an hour long session; and will provide an overview to the new CalLite model, present an interactive demo, and discuss procedure to download and install the model. The second part will provide two hours of introductory level hands-on training on the use of model. If you are interested in attending the second part, please bring your laptop computer.

Prior to the workshop, CalLite package will be posted on website and attendants are encouraged to download CalLite model on their laptop. This link will also provide model documentation and instructions on how to install the model software on your computers. If you are interested in attending the hands-on training session, it is necessary that you have CalLite loaded on your laptop prior to coming.

If you are interested in attending this workshop, please contact Nazrul Islam via an email nislam@water.ca.gov by **August 22, 2011**. **Workshop participants will have to go through the security check, please provide to me the following information to expedite your entry to the building.**

Full Name:
Organization:
Laptop (Yes/No):
Cell Phone (Yes/No):

Please pass this announcement on to your colleagues who may be interested in attending the workshop.

The workshop is being organized by the DWR and Reclamation staff. The California Water and Environmental Modeling Forum (CWEMF) is co-sponsoring the workshop.

Please contact Nazrul Islam of DWR via an e-mail (nislam@water.ca.gov) or phone at 916-653-8727 for any questions relating to workshop.
